THTR 236 - Acting Workshop II.
THTR 238 - Voice Lab II.

C. AREA REQUIREMENTS COURSES

Raphael Sassower presented philosophy courses for re-evaluation based on the new criteria. Since this was the first group of courses submitted, the committee members realized that changes need to be made in evaluation form and in the method of delivery (if possible) to streamline and reduce the amount of time that appeared would be needed to complete the process.

Committee members who wish to do so, should devise a new checksheet format and submit for discussion at the next C & R Committee meeting scheduled for October 12, 1993.
