

UNIVERSITY OF COLORADO

COLLEGE OF ARTS AND SCIENCES

Committee on Courses

October 23, 1969

Nancy

PASS/FAIL

Members present: Professors Criley, Cross, Dickinson, Downey, Greene, Kinneavy, Scarritt; Deans Carnes, Malville and Briggs

It was moved, seconded, and passed to endorse the following Notice of Motion passed by the Committee on Academic Progress for submission to the Faculty:

IT IS MOVED THAT the following changes in the 10/24/68 legislation of the College concerning the Pass/Fail option be adopted.

1. That the first sentence of that legislation now reading:

". . . that the College of Arts and Sciences permit students to enroll in a maximum of 16 semester credit hours (of the 124 required for graduation) for the grade option of Pass/Fail."

be replaced by the words:

". . . that the College of Arts and Sciences permit students to count toward graduation a maximum of 16 semester hours credit (of the 124 required for graduation) passed under the grade option of Pass/Fail."

2. That the first two sentences of the third paragraph now reading:

"The student's decision as to whether to register normally or to register P/F in a given course will be made at the time of registration. Changes from a normal registration to P/F or vice versa may be made after the close of the second week of classes in any semester only with the approval of the Dean's office, which is asked to withhold approval except in cases where the change is dictated by reasons that are quite clearly beyond the student's control."

be replaced by the words:

"Students shall inform the instructor of their intention to enroll on a P/F basis at the beginning of the course and in any event no later than the end of the second week of the term."

It was moved, seconded, and passed to endorse the following Notice of Motion passed by the Committee on Academic Progress for submission to the Faculty:

IT IS MOVED THAT the rules of the College be amended as follows:

1. In Article III Degree Requirements, Section 2 General Requirements for the Bachelor's Degree, a sentence be added to read:

For the Bachelor of Arts degree, no more than 45 hours in any one department may be counted toward the 124 hours required.

2. In Article III Section 4, subsection d (dealing with the major requirements) the sentence reading "Not more than 45 semester hours in the major subject may be counted toward the 124 hours required for graduation" be deleted.

It was moved, seconded, and passed to endorse the following Notice of Motion passed by the Committee on Academic Progress for submission to the Faculty:

IT IS MOVED THAT the rules of the College pertaining to Incompletes and Conditions be amended to read as follows:

Incompletes and conditions are normally removed by making up the course work left uncompleted. Such work is to be made up within one calendar year of the date at which the IC or CN was awarded. Incompletes or Conditions may also be removed by retaking and passing the course, and after the expiration of the one-year period, they may be removed only by retaking and passing the course.

If this motion were adopted the description of the grade CN in the Bulletin would conclude with the sentence "A condition counts as F in the average until it is made up or removed" (The phrase underlined has been added.)

It was moved, seconded, and passed to take no action on the following Notice of Motion from the Council on Foreign Language Instruction which will be presented to the Faculty of the College:

IT IS MOVED THAT the admission requirements (effective in the fall of 1972) enacted by the faculty of the College in May, 1969, be so amended as to replace the requirement of 2 units of foreign language studied in secondary school by satisfactory completion of a Level II high school foreign language course.

Similarly, completion of a Level III high school foreign language course (rather than 3 units of secondary school foreign language) will satisfy the foreign language graduation requirement for the BA and BFA degrees.

It was moved, seconded, and passed that the Committee on Courses present the following Notice of Motion to the Faculty with the recommendation that it be approved:

IT IS MOVED THAT the admission requirements (effective in the fall of 1972) enacted by the faculty of the College in May, 1969 be so amended to replace the requirement of one unit of history and one unit of social studies (other than history) by two units of social studies including at least one unit of history.

The Committee approved the following course changes and new courses:

Chemistry 202-4. General Chemistry. Change credit from 3 to 4 hours.

LATIN 550-3. Advanced Graduate Reading. Author or topic to be specified in the Schedule of Courses each semester.

GREEK 550-3. Advanced Graduate Reading. Author or topic to be specified in the Schedule of Courses each semester.

Greek 550 will replace all Greek courses numbered 530 through 588 in the curriculum.

Latin 550 will replace all Latin courses numbered 513 through 591 in the curriculum.

COMPUTER SCIENCE 453-3. Assembly Language Programming. Change course number of C.Sc. 550 to C.Sc. 453.
